Training Course for Traffic Control Supervisors and Re-certification May 14 &15, 2009 Centennial, Colorado

This course is designed to give participants state-of-the-art knowledge of the entire process of planning, designing, installing, maintaining and monitoring traffic control for work zones. Anyone responsible for any phase of construction and maintenance operations cannot afford to miss this training. These principles applied to your maintenance and construction operations can save your organization many times to the cost of the course by helping you avoid tort claims and liability judgments. This short course is a basic requirement essential to all persons involved in street and highway work.

RECERTIFICATION

Individuals whose CCA-TCS cards are about to expire can receive their re-certification after successfully completing the course. *Please re-certify before a TCS Card expires.*

CCA-TCS cards are good for three years.

CERTIFICATION

This program was designed to comply with the Colorado Department of Transportation Standard Specification 630.09. Certification is a process separate from the training program and attendance at the course, DOES NOT automatically result in one be certified as a Traffic Control Supervisor. Upon satisfactory completion of this course, attendees will receive a Certificate of Attendance.

To become certified as a Traffic Control Supervisor, the applicant must have at least 2,000 hours of satisfactory experience, related to work zone traffic control, during which the applicant has demonstrated his/her ability to work safely in work zones within the last 2 years.

The applicant must designate the person(s) who will complete their Certification form. The only people who are approved to receive, complete and sign the certification form are owners of traffic control companies, a supervisor of a road and bridge department and/or highway engineer who works for a state, federal, city or county transportation agency. The signature of the person who signs this form must be witnessed by a notary public.
