

This May in Mountain States Construction...

May 2010 closes April 1, 2010

Owners of the Year

In 2009, DOTs received the bulk of the first funds seen from the ARRA. This article will highlight where that money went and what projects it will fund in 2010. *Mountain States Construction* editors brief readers on the flow of stimulus dollars and projects for the region's roads and bridges, as **we honor all of the regional Departments of Transportation, including CDOT, IDOT, MDOT, UDOT and WYDOT.**

Top Green Contractors

The editors of *Mountain States Construction* looked deeper into survey data from our "Top Contractors" annual report, to provide an **overview and ranking of the Mountain States regional market**, with breakdowns of **top green contractors** based upon revenues in categories ranging from manufacturing to master-planned communities.

Top DOT Projects & Heavy/Highway Contractors

A *Mountain States Construction* update on **the biggest and best highway projects and contractors from around the region**, to round out our "Owner of the Year" coverage. We'll rank the Top Highway/Heavy Contractors from 2009 based upon revenues and will list ongoing and recently completed projects in Colorado, Wyoming, Utah, Idaho and Montana.

...and more!

The May issue will also include an **AGC ONSite insert**, a **CCA Report** and more. Regular features in *Mountain States Construction* include regional association news, legal updates, people, projects and products.

Mountain States Construction Delivers

Mountain States Construction gives your advertising industry-wide reach and cost-effective exposure to over 7,200* local owners, engineers, architects, contractors and subs, who buy and specify your products & services within this lucrative market. Connect with the key decision-makers who are your target audience, online and in print, today!

Source: * Based upon combined circulations of Colorado Construction and Intermountain Construction; Publishers' own numbers, extrapolated from June '09 ABC Statements.

YES! We want to take our place in *Mountain States Construction's* May Issue!
