Key features

- ZamRay Classified Marketplace was developed to help contractors advertise and sell their inventories of excess materials, vehicles, equipment, tools, and machinery. ZamRay offers a nationwide solution for liquidating overstock with low cost advertising and convenient sales tools.
- Designed with a green focus to help ensure surplus material is sold instead of discarded.

- Place classified ads for only \$25 for 90 days and include photos, description, product numbers, and shipping terms.
- Distributors can upload and manage their entire inventory file for 90 days for one low flat rate.
- National and local directories. Find a service provider in over 120 cities.
- Manufacturers and Distributors can create their own profiles, upload product photos, line cards and downloadable brochures.
- Employment Central goes beyond simple

classifieds. This is a tool created to help employers and job seekers connect. Post job openings, upload resumes, and view resumes.

- Social Network. ZamRay features a social network type of environment for the construction industry and includes member profiles, forums, a member blog, private messaging between members and more.
- Articles from industry leaders. Members can even submit articles for publication.
- Resources for Decision Makers. Market watch tools including top construction company stocks, commodities, costs indexes, charts and more.
- ZamRay has display ad opportunities available for additional exposure in very target-specific areas throughout the website.
- Free E-newsletters.
