Playground went well. Jordan will track down the latest video. Elvia will embed videos in the next newsletter.

Communications Update

Cari and Elvia sent a calendar for dates for upcoming newsletter. April 22nd for info, May 3rd for draft and newsletter will be send on May 10th. The next newsletter will go out in August

CSU Bootcamp

Went well but need to make sure there are no juniors and seniors because they have already decided the path they plan to take. Sara recapped week 5 and shared that she felt it went well overall. Should plan to do a follow up meeting to recap everything so Sara can present to the board. Ted will pick a date and send out the email to everyone.

Ted shared that the CON 101 class went well. Would like to engage more people to join in future opportunities. CSU Pueblo is interested.

Competition

Jordan shared that she heard everyone was impressed and interested in participating again next year. Next year we will be sure to tape all presentations so other teams can view them later. Also, need to define what ambassadors can and can't share and what teams are aloud to ask.

Events were reviewed – Date change from June 10 to June 14th. ELC sponsored foursome- Will, Darian, Chris and Sara.

Seeing no new business the meeting was adjourned
