Not enough people to approve minutes or financials.

Scott needs to submit write up for Laridian Hall. Dairen is currently talking to Betsy and the school regarding completing the playground and will try to have an update for the next meeting.

Ted spoke with Jeff Wilkes and we do have a con 101 opportunity coming up in October. There is a new class opportunity to get in front of younger students. Ted will get more info and send it to the group. A bootcamp opportunity is open again but the group needs to decide by September 1st. Sara, Will and Ted will meet to discuss and plan a follow up call with the rest of the committee.

ELC will pay for a table for the CWFC Dinner and donate \$500 worth of auction items if needed. Ted invited Brian Nelson from CSU to sit at the ELC table.

The ELC voted to approve \$800 for a foursome at the golf tournament. Jordan will take care of names to fill that.

Elvia booked Blue Moon for the November speaker event. We still need a speaker so please send any ideas to Jordan.

The Steering Committee will meet on October 11th for their yearly planning retreat. They will meet at the CCA office but breakfast should be ordered.

Seeing no other business, a motion to adjourn was made and passed.
